

WO' P'IN SPA

Native Americans have been using heat, water and steam for thousands of years to cleanse the body, mind and spirit. The Purification Ritual at Wo' P'in Spa uses the same principles to prepare you for your spa journey.

Arrive an hour prior to your treatment to experience our exclusive Purification Ritual using our whirlpool, sauna and steam room. We believe in extending your relaxation beyond the treatment room.

WELCOME BIPOWAVE

Welcome to Wo' P'in Spa, meaning "Medicine Mountain" in the Native Tewa language.

Known as the "drinking water place", P'osuwaegeh Owingeh (The Pueblo of Pojoaque) has historically been a point of rest and refreshment for the traveler or neighboring villager. Located at the convergence of the Pojoaque Creek and Tesuque River, it is a true oasis in the middle of the stunningly beautiful surrounding desert.

In the spirit of the name Pojoaque, Wo' P'in Spa merges Indigenously influenced treatments, aromatherapy, and expertly trained therapists to provide a uniquely restorative experience.
